

# Euronext N.V. Senior Unsecured Notes Rated 'BBB'

May 6, 2021

PARIS (S&P Global Ratings) May 6, 2021--S&P Global Ratings today said it assigned its 'BBB' issue ratings to Euronext N.V.'s three €600 million senior unsecured bonds maturing in 2026, 2031, and 2041. The issue ratings are aligned with our issuer credit rating on Euronext (BBB/Stable/A-2), reflecting the notes' senior unsecured status.

Euronext is issuing the notes as part of its refinancing of the bridge loan facility that it entered to complete its acquisition of Borsa Italiana Group (BI).

We expect Euronext will perform strongly over the next 12-24 months, exhibiting solid organic growth and good profitability, while integrating BI. Following the acquisition, Euronext's financial position has deteriorated as leverage increased sharply, with projected funds from operations (FFO) to debt dropping well below 23% and debt to EBITDA increasing above 3.5x for 2021. While we anticipate solid cash flow to support some deleveraging in 2022, we expect leverage will remain materially higher than at end-2020, with projected net debt to EBITDA at 3.1x-3.2x and FFO to debt at 23%-24%. However, Euronext has also expanded materially in scale, cementing its position as Europe's largest liquidity pool for cash equities, while diversifying and expanding its post-trade business. We expect this strategic position to support the group's performance and profitability, as well as our ratings, over the medium term.
