Børsuro rammer Euronext Growth: Beregner at 40 milliarder er barbert bort

Pengene strømmet til markedsplassen i fjor, men i år har det vært bråstopp. Rentehopp, inflasjon og aksjesmell gjør at investorene trekker i bremsen, ifølge banktopp.

Forvalter holder seg unna Euronext Growth-aksjer: – De har ødelagt mye for seg selv

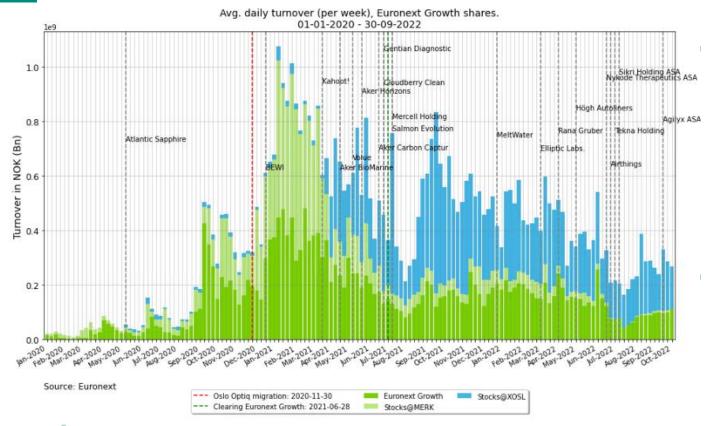

Over 100 milliarder kroner er blåst bort fra toppen på Euronext Growth. Fallet har ikke noe med markedsplassen å gjøre, svarer børsdirektøren.

The development of Euronext Growth should be seen in the context of the global macro development, where several indicies have fallen substantially since the beginning of the year.

Euronext Growth works as intended

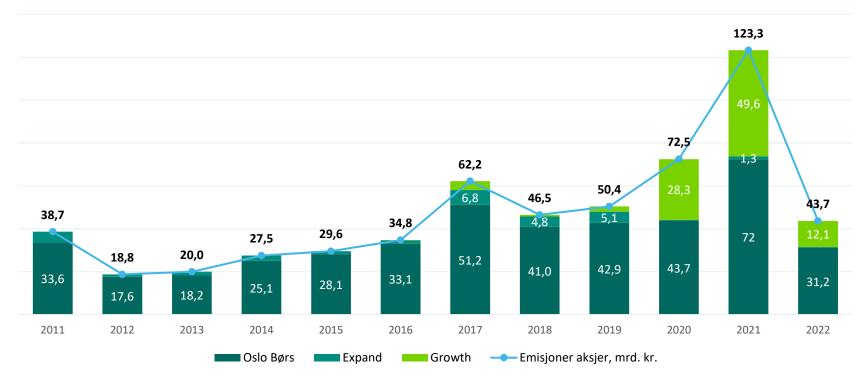

As Euronext Growth companies mature, the most liquid companies often choose to move their listing to the Oslo Børs main market.

Trading continues on the Oslo Børs main market (blue).
