

## Top shareholder changes

Track changes in ownership on every Norwegian securities – **updated daily**

---

**Top Shareholder Changes** provides you with a daily overview of top 50 investor changes in Norwegian securities – regardless of regulatory disclosure requirements.

Investor register is updated daily giving the market available information regardless of whether the change is mandatory or not. This provides an unique insight into the change in the ownership structure of companies that have not previously been available to the market, thus strengthening the purpose of public investor registers.
