About MyEuronext

MyEuronext introduces a cutting-edge graphical user interface (GUI) characterized by a modern and intuitive design, coupled with robust IT security features, ensuring an enhanced user experience.

Launched as part of the migration of the Borsa Italiana Cash markets to Euronext's cutting-edge Optiq® trading technology and Euronext systems, this portal will gather several apps, enabling Euronext teams and clients to perform their daily operations through a user-friendly interface.

It is now aiming to cover all markets, and to become the single-entry point for Euronext client's entire user journey.

MyEuronext for the trading venue

Issuers: On the issuer side, MyEuronext is dedicated to listing and post-listing activities on Equities, ETPs, Bonds and Securitized Derivatives. Through a single-entry point, issuers and their third parties can perform operations such as listing new products and carrying out changes on existing listed products. For Italian issuers, in line with the phased Borsa Italiana migration approach, the MyEuronext portal replaces the existing LOL and Nistech tools currently in use by Borsa Italiana.

Members: On the member portal, members are able to manage Logical Accesses and Drop Copies (create, modify, delete). Market Makers and Liquidity Providers can register themselves as such and define the product range they are covering. There is a pre-trade risk management service (RiskGuard), providing Risk Managers at Clearing or Trading Member firms of Euronext the ability to monitor their clients' or firm's risk exposure. Further apps will also be delivered in the course of 2024/2025, notably for the member onboarding and management. The BITA member portal will progressively be decommissioned.

MyEuronext for CSDs clients

On the CSDs side, MyEuronext empowers participants, issuers and paying agents with the possibility to:

- Monitor the entire lifecycle and calendars of the corporate events;
- Manage instructions concerning both Voluntary and Mandatory with options corporate events;
- Gain access to all details of the corporate events provided by the Issuers or Issuer agents with the possibility of downloading key information in different formats;
- Benefit from alerts and real-time indicators that provide them with full control over their business operations.

Disclaimer

Please be aware that the platform presented here is designed to showcase our vision. As we continuously refine and enhance our service, based also on Clients' feedback, certain fields and screens may be subject to adjustments to better cater to the evolving needs of our users.

The service outlined in this user guide is designed for all Issuers of Euronext Securities, irrespective of whether they conduct operations directly or entrust a third-party actor (Proxy Agents, etc.). MyEuronext additionally offers a mechanism for connecting clients with third-party actors, where the profiles and authorization levels of the latter are tied to the registered power of attorney.

Please note that all the data present in the screenshots below are fake data and should not be considered as real use cases, the purpose of this document is to share the features that will be available in this application.

This document is a first version of the future service description, following releases of this user guide will occur and the latter might be subject to adjustments.

Specific rules will be available in the relevant user guidelines.

Corporate Events Services interface

Upon logging in, users will be greeted with a display featuring all available services for clients. Among these options, users will need to select the Corporate Events Service.

The Corporate Event Service application mainly empowers users with the possibility to:

- Monitor the entire lifecycle and calendars of the corporate events;
- Gain access to all details of the corporate events provided by the Issuers or Issuer agents with the possibility of downloading key information in different formats;
- Benefit from alerts and real-time indicators that provide them with full control over their business operations.

1. Client users

User management is a critical aspect of our service, ensuring that individuals have appropriate access and permissions to perform their roles effectively.

During the onboarding process, each Paying Agent will be automatically assigned a Senior user who can subsequently create new users and define their respective permissions.

2. Corporate Events

Entering the main Corporate Events Services page, you can see the first tab "Corporate Events".

In the Corporate Events section, you will be able to see all the events with cash payments for which you are the paying agent.

Figure 2 – “Corporate Events” – bulk selection

2.2. CORPORATE EVENT DETAIL PAGE

You can also click on one of the corporate events from the list to see its details.

These will be the events that need to be validated. You will be able to see:

- Event details
- Options
- Payments
- Documents

2.2.1 Event details

In this section, you will find general information about an event and some key dates like the record date or payment date.

The screenshot displays the 'Mandatory cash distribution' event details page. At the top, there is a navigation bar with the Euronext logo, 'MyEuronext', 'Corporate Events Service', and a user profile dropdown 'FirstName LastName'. Below the navigation bar, a breadcrumb trail shows 'Back to Corporate Events'. The main content area features a header for the event 'PTDVCA0000001388 Mandatory cash distribution' with a close button. Below the header, there is a table of key identifiers: Official CA Event ID (AA00034102), Event type (DVCA - Cash Dividend), Event indicator (MAND), Underlying Security (PTFGB00M008 - A2A 0.625% CALL), and Issuer name (Towne - Anderson Inc.). An 'ETBV' button is located to the right of this table. A tabbed interface below the header allows switching between 'Event details', 'Options', 'Payments', and 'Documents'. The 'Event details' tab is active, showing sections for 'Dates', 'General information', and 'Paying agent details'. The 'Dates' section lists 'Announcement date' (25/05/2024, 12:43), 'Record date' (25/05/2024), and 'Payment date' (25/05/2024). The 'General information' section includes 'Dividend Type indicator' (INTERIM), 'Interim ISIN in case of postponement' (PTFGB00M008 - A2A 0.625% CALL), 'WHT Threshold' (3.000), 'Linked event' (AA00034101), and 'Narrative' (Corporis aut placeat beatae ipsum corporis ea quia repudiandae labore.). The 'Paying agent details' section lists 'Client code' (CC2039110), 'Name' (Cremin Inc), and 'Default Cash Account' (987789283). At the bottom right of the event details card, there are 'Reject' and 'Validate' buttons. The footer of the page contains the Euronext logo, copyright information '© 2023 Euronext - Version XXXXXX', and links for 'Privacy Policy', 'Terms & Conditions', and 'Terms of Use'.

Figure 3 – “detailed event- validation/rejection

2.2.2 Options

In this section, you will find information about the options of an.

The screenshot shows the Euronext Corporate Events Service interface. At the top, there is a navigation bar with the Euronext logo, 'MyEuronext', 'Corporate Events Service', and a user profile dropdown 'FirstName LastName'. Below this is a breadcrumb trail '← Back to Corporate Events'. The main content area displays event details for 'PTDVCA0000001388 Mandatory cash distribution'. Key information includes: Official CA Event ID (AA00034102), Event type (DVCA - Cash Dividend), Event indicator (MAND), Underlying Security (PTFGB00M008 - A2A 0.625% CALL), and Issuer name (Towne - Anderson Inc.). An 'ETBV' button is visible. The 'Options' tab is selected, showing a table with one option: Option number 001, Option type CASH, and Default option Yes. At the bottom right of the options section are 'Reject' and 'Validate' buttons. The footer contains the Euronext logo and copyright information: '© 2023 Euronext - Version XXXXXX • Privacy Policy • Terms & Conditions • Terms of Use'.

Figure 4 – event “options”

2.2.3 Payments

In this section, you will find information about the payments of an event and the possibility to validate or reject them.

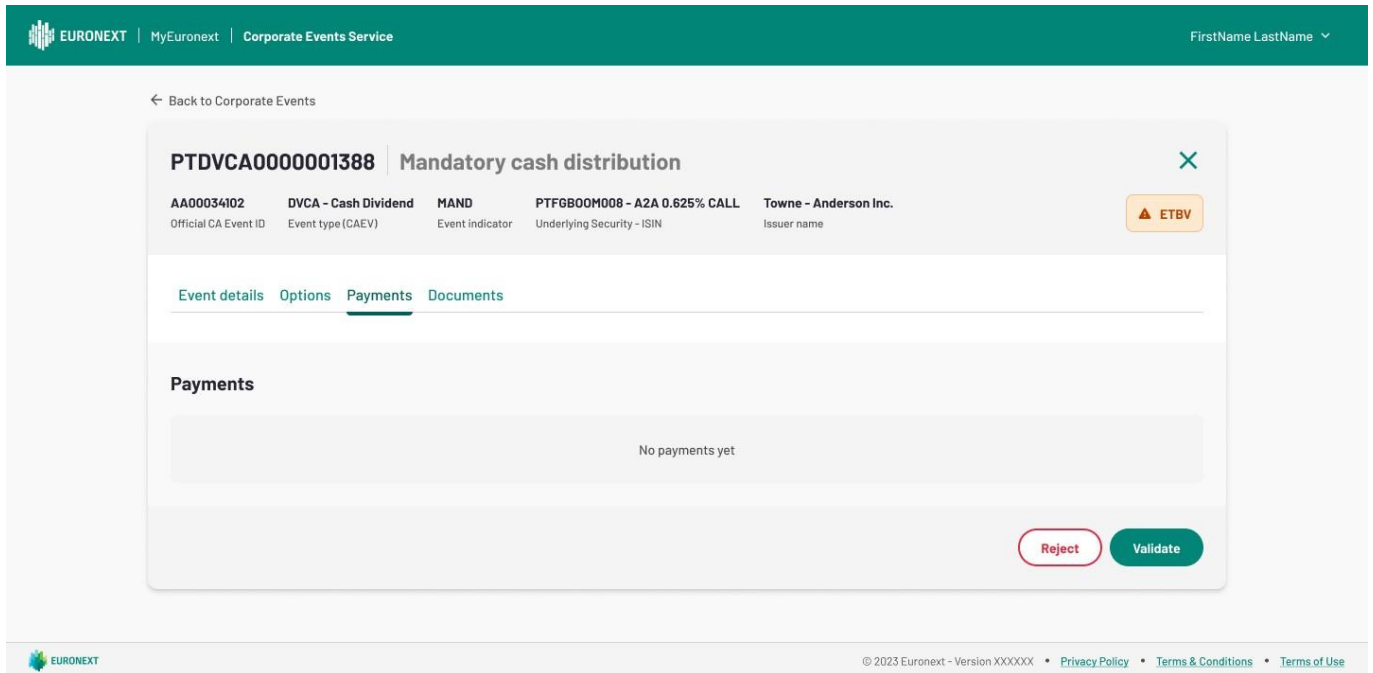

Figure 5 – Payments tab

2.3. EVENTS CONFIRMATION

In this section you will be able to confirm an event and the settings related to the payments.

On the “Payments” tab you will be able to override a default setting for payments. Two payment options will be available:

- Release: Once the payment date is reached, payments will be processed.
- Hold: Upon reaching the payment date, payments will be marked with the status on hold. You will be able to release them manually.

As soon as the entitlement starts to be calculated, you will be able to consult it in this section. The payments will first have a calculated entitlement and as soon as the record date is reached the final entitlement will be set.

You can see the total cash amount of the event that the Paying Agent will have to pay.
