

Oncoinvent lists on Euronext Growth Oslo

- **Market capitalisation of approximately NOK 184 million**
- **The 45th listing on Euronext in 2024 and the 11th listing on Euronext Oslo Børs' markets**
- **New Euronext IPO ready alumnus to successfully complete a listing**

Oslo- 13 December 2024 – Euronext today congratulates the pharmaceutical company Oncoinvent (ticker:ONCIN) on its listing on Euronext Growth Oslo. This marks the 11th listing on Euronext Oslo Børs' markets in 2024 and the 45th listing on Euronext.

Oncoinvent specialises in developing innovative cancer treatments. Its flagship therapy involves the injection of radioactive microparticles into the abdominal cavity to target residual cancer cells following surgery. This groundbreaking treatment is specifically designed for patients with colon or ovarian cancer, aiming to offer improved therapeutic options for those affected.

The company raised NOK 130 million through a private placement ahead of its listing. The price was NOK 2 per share before market opening, giving the company a market capitalisation of approximately NOK 184 million.

Oncoinvent was a participant in IPOready 2024, Euronext's unique pan-European business educational pre-IPO programme aiming to support European companies considering a listing. Euronext's pre-IPO programmes have a proven track record, having already trained over 920+ alumni since 2015. In total 31 alumni have listed their company on Euronext markets, and Oncoinvent is the first Norwegian alumnus to list.

Øystein Soug, CEO of Oncoinvent, said: "Oncoinvent is thrilled to join Euronext Growth Oslo, a milestone that underscores our commitment to advancing innovative cancer therapies. This listing will enhance our visibility, attract new investors, and provide the financial flexibility and stability needed to accelerate our clinical development program to data in 2025 and 2026. We look forward to leveraging this platform to drive growth, not only of Oncoinvent but eventually also of the Oslo radiopharma ecosystem."

About Oncoinvent

Oncoinvent is a clinical-stage company committed to developing innovative radiopharmaceuticals against cancer. The lead candidate Radspherin is designed for targeted local treatment of metastatic cancers in body cavities using highly potent alpha radiation. It is currently evaluated in a Phase 2 randomised controlled study of ovarian cancer, building on previous encouraging safety data and signals of efficacy. The Oncoinvent team has experience from all stages of radiopharmaceutical development.

About Euronext

Euronext is the leading pan-European market infrastructure, connecting European economies to global capital markets, to accelerate innovation and sustainable growth. It operates regulated exchanges in Belgium, France, Ireland, Italy, the Netherlands, Norway and Portugal. With nearly 1,900 listed issuers and around €6.3 trillion in market capitalisation as of end of September 2024, it has an unmatched blue-chip franchise and a strong diverse domestic and international client base. Euronext operates regulated and transparent equity and derivatives markets, one of Europe's leading electronic fixed income trading markets and is the largest centre for debt and funds listings in the world. Its total product offering includes Equities, FX, Exchange Traded Funds, Warrants & Certificates, Bonds, Derivatives, Commodities and Indices. The Group provides a multi-asset clearing house through Euronext Clearing, and custody and settlement services through Euronext Securities central securities depositories in Denmark, Italy, Norway and Portugal. Euronext also leverages its expertise in running markets by providing technology and managed services to third parties. In addition to its main regulated market, it also operates a number of junior markets, simplifying access to listing for SMEs.
