TEST OF “PRODUCTION-LIKE” VOLUME –  
Change in planning

Dear Client,

following our communication of 9 January 2017, sent by e-mail from PTT-SOMT to provide an update received from the ECB on the planning of the "production-like" volume tests requested by Clearstream and currently in progress in the T2S UTEST testing environment.

on, Friday 13 January, the volume tests will not be conducted, although the scheduling of the release day will remain unchanged. In addition, the second test session planned for next week has not yet been confirmed.

Please be advised that we will keep you informed of any updates that we receive from the ECB. The following is the detailed new version of the planning.

**London**  
Stock Exchange Group
