For the attention of:	**DCPs**
Priority:	**HIGH**
Re:	**T2S release 1.2.4**

Dear Client,

We are pleased to inform you that the upcoming release 1.2.4 of T2S is available in the external test environment (UTEST) and will be released into production on 13 May 2017.

The release consists of the resolution of 4 defects, Monte Titoli has evaluated that only PBI200608 is applicable to its operating model. It has already successfully tested it in the EAC environment, reserved for CSDs, and it will be re-executed in the UTEST environment.

A list of defects included in release 1.2.4 is set out in the form "R1.2.4 PBI content incl declaration to test.xls" available in the documentary section of the MT-X platform. DCPs are invited to report the test outcomes to the address MT-T2S-test@lseg.com, using the said form by 9:00 on Thursday 11 May.
