# Market Notice

13 November 2015

## Hot fix release for T2S defects

---

Dear Client

as announced by Market Notice of 12 October 2015 on the same subject, we inform you that the ECB confirmed today the production release, as of 16.11.2015, the "Hot fix release" containing relevant defects T2S platform (compare T2S Release Note V00.02.18.15).

The resolution of the communicated defects, has implicated the concurrent closure of the other anomalies whose release is also planned for 16<sup>th</sup> November 2015.

We have published on the documentary section of MT-X platform (T2S - Change Management- T2S Releases- MT-Hot Fix Release) the defects list
