MEDIUM

X-COM – Guaranteed section: enlargement of
the basket of securities eligible with issuer
rating only

Dear Client,

We are pleased to announce that, in order to extend the list of securities that can be used in X-COM, as of 6 December next, for corporate and agency bonds without an issuer rating, the rating of the issuer company will be used. This development is part of a series of initiatives intended to broaden further the basket of securities that can be used on the market.

Thanks to this improvement, which applies to the guaranteed section, the number of eligible securities in the main basket guaranteed by CC&G increases from the current figure of 1,600 to 2,100, an increase of 30%.
