T2S release 1.2.1 – Release into production

For the attention of: DCPs
Priority: HIGH
Re: T2S release 1.2.1 – Release into production

Dear Client,

Following the completion of internal and external tests, we can confirm the release into production of release 1.2.1 of Target 2 Securities (T2S) on 6 January 2017, after the close of the business day and during the “maintenance window” scheduled by T2S, commencing on 9 January 2017.

In anticipation of the go-live, DCPs are invited to verify that their production configurations are correct and able, if necessary, to replicate in that environment the same situation used to test the defects that are part of the release.
