Re:

MT Technical Refresh – go live

Dear Client,

Further to [MN 66/2017](#) and [MN 78/2017](#), respectively on 7 September and 6 October 2017, and following the successful conclusion of both the internal tests and the tests performed by participants, we are pleased to confirm the go live of the new infrastructures subject to Technical Refresh.

The release process is planned for the weekend of 2-3 December. Accordingly, MT Services will be provided through the new infrastructures as of the start of the business day of Monday, 4 December 2017.
