Community Test

Dear Client

We inform you that starting from 06.13.2016, the testing activities will start to verify the overissuance OF non index linked BTP following unstrapping.

The test plan is available on MT-X platform/documental section (available in Italian version).

Please note that the test plan has been agreed with Bank of Italy and anticipated to the participants to the system during the PTTUG on April 28, 2016.
