MT-X SERVICE USER MANUAL

---

### 1.0 Dear Client,

We are pleased to inform you that, following the implementation of the new DVP Issuance service, the user manual for the MT-X service has been updated to include the entry and management of the DVP ISSUANCE mandate.

In MT-X the new menu option **Mandates → DVP Issuance** has been added, with a workflow divided into four main steps:

- 1) Entry\Approval of general data
- 2) Correspondent Bank/Paying Agent acceptance;
- 3) Monte Titoli validation;
- 4) Entry\Approval of MT268 operating data.

Please note that the new DVP ISSUANCE service will go live on 1 October 2018 and external testing will be conducted from 27 August to 21 September 2018.
