

## **Monte Titoli appoints SWIFT as partner for messaging standardisation in T2S**

---

Milan, 14<sup>th</sup> January 2014.

Monte Titoli has selected the web-based platform MyStandards to streamline the implementation of standards-related communication with its customers.

SWIFT's web-based collaborative standards management platform will support Monte Titoli in the administration and promulgation of both ISO 15022 and ISO 20022 message specifications in use for T2S communication. The adoption of an established message standardization tool will facilitate the implementation of standards among Monte Titoli's participants and foster a smooth transition to T2S services.

By the means of an enhanced standardization framework for ISO 15022 and ISO 20022 messaging, Monte Titoli will experience the advantages of internal synergies and underpin its communication capabilities with its international partners, fostering multifold business opportunities.
